TERM 4 WEEK 6 | 19 NOVEMBER 2015

Dear Parents/Carers

Congratulations to our Interschool Sports Team who represented Bungaree PS at the recent RASSA carnival. We were victorious, winning the "C" grade competition against larger schools such as Hillman and Rockingham Beach PS. Congratulations also to the large number of students who won individual trophies. Thankyou also to the parents who volunteered on the day. Mrs Hollingsworth's explicit teaching of sporting skills is making a huge difference to our students natural sporting skills.

Our 2016 Kindergarten parent workshops commenced this week with our 2016 Kindergarten students having the opportunity to experience the kindergarten classroom, while their families were provided with additional information about Bungaree PS. Feedback from families indicate attending is very worthwhile for both students and parents/carers. There will be another workshop next Wednesday for parents/carers and the kindergarten children for 2016 from 12:30-2pm .

Our senior choir students and some of our musicians will be performing at the Rockingham Fair this Sunday at approximately 1:30-2:00pm. They will be easily recognised in their Bungaree choir shirts. Thank you to Ms Brokken who has worked tirelessly to ensure our students are well prepared for this public event.

Next week our Year 6 students will be attending their camp in Kalgoorlie. Mrs Borlase and Ms Linkston will be attending with the students. Room 16's Year 5's will be in Room 15 for the week.

The Year 4/5 students will be participating in leadership activities over the week in preparation for student leadership roles in 2016.

PARENTS OF YEAR 6 STUDENTS PLEASE NOTE:
SCOLIOSIS
(Curvature of the Spine)

Routine screening for scoliosis is no longer carried out in schools.

Scoliosis is a common growth disturbance that develops slowly, usually during early adolescence (10-13 years) causing an abnormal sideways curve of the spine.

Examination is the only way to detect a curve in the spine and thus enable treatment for your child if required.

A, Facts On Scoliosis Information For Parents pamphlet about Scoliosis and how to check your child's spine will soon be sent home to all Year 6 students. Parents and children please take the time to read through the pamphlet and check for any imbalance or asymmetry in the spine as described in the pamphlet.

If you have any concerns about scoliosis in your child or require further information please contact your Family Doctor or the Community School Health Nurse through your school.

Colour Blindness

A brochure on colour blindness is also being sent home today. Please read and contact the relevant agencies if further assistance is required.

Thank you

A great day was had by all at the annual Bungaree Sports Carnival. The weather was glorious with the sun shining down on us. The day was fun filled with races, team games and novelty events.

The faction competition was a tightly fought one with the leader board changing throughout the day. The final victors were **Mangles** with **Richmond** in second and **Peron** in third place.
