Before & After School Care is Expanding to Rockingham PCYC!

Available now in Albany, Kensington, and Rockingham, with Midland coming soon, our Before & After School Care programs, including Vacation Care, provide a safe, affordable, and inclusive environment for busy families.

Our experienced staff provide comprehensive care for children including:

- Convenient school pick-up and drop-off services.
- Nutritious breakfasts and afternoon teas.
- A variety of engaging activities designed to support their physical, mental, and emotional well-being, such as sensory exploration and dramatic play.

Each activity is thoughtfully planned to help children prepare for a successful school day or unwind and recharge after school. We also offer support with homework and reading.

SAFEGUARDING AT PCYC

PCYC's principal partner is the WA Police Force, and our Safeguarding Program is central to our commitment to providing a safe, supportive environment where children and young people can thrive. We proactively follow best practices, legislation, and policies to ensure they feel protected and valued.

Emma McIntyre
Program Lead,
Before & After School Care

I have been working in the education and care industry for over 10 years. I hold a Diploma in Early Childhood Education and Care and am halfway through completing my Bachelor's in Early Childhood Education and Care.

Throughout my career, I have always held the belief that children are one of the most fundamental elements of life. It is essential that we nurture and encourage their growth with respect and compassion, recognising each child as an individual. I firmly believe every child has the right to be heard, cared for, and supported. Each day, I strive to provide the most powerful and loving care possible for the children in my care.

The children of today are the leaders of tomorrow, and it is our responsibility to ensure they are nurtured in the right way. I work tirelessly to contribute to their well-being and development and I am passionate about providing the best care to help them thrive!

I've been with PCYC for seven years and hold a Bachelor of Education in Early Childhood Studies from Edith Cowan University.

I view children as unique individuals with their own personalities, needs, strengths, and backgrounds. As Coordinator, I aim to create a supportive environment where children feel safe to explore, engage in play-based learning, and express themselves freely.

I work to build strong connections with each child and their family, and I am committed to fostering an inclusive space where children and families from all cultural backgrounds feel welcomed and valued.

Nina Smith
Coordinator,
Before & After School Care
